STAT Made arrangements with the Senate Disarmament Subcommittee staff to have [redacted] of OSI present at the Subcommittee hearings this week on Wednesday and Thursday. Also secured the transcript of the CIA appearance before the Subcommittee for review.

Telephoned Congressman Walter Judd's office requesting an appointment with him at his convenience.

Telephoned the office of Congressman Prince Preston attempting to make arrangements for a luncheon and a briefing.

STAT Mr. John A. Comein in the office of Senator Everett M. Dirksen called and said he would like to talk with me in the next day or so concerning the case of [redacted]. I have asked Eric Timm to provide me with some basic information.

Mr. Paul Deac, Executive Vice President of the National Confederation of American Ethnic Groups discussed with me his organization. He had been referred to CIA by William Heimlich on the staff of the House Committee on Un-American Activities. A detailed memorandum of this is being forwarded to IO with copies to Security and Col. Grogan.

Mr. Borel called to say that he was meeting today with Mr. Atkinson of the National Science Foundation to discuss S. 3126, the proposed Science and Technology Act of 1958. Mr. Borel desired information as to whether the Agency had developed a position on this bill. He was advised that the Agency had not developed a coordinated position on this bill and that it was doubtful that we would wish to take a formal position on it. He was also advised that a number of similar bills have been introduced in this Congress. Mr. Borel said he would not take a stand on the bill with Atkinson and would advise us of his discussions.
